Admission Process

Since 2011 MP Higher Education Department had centralized Admission Process through online E-pravesh portal. MP Higher Education has developed Admission Portal at state level. Every year, each college has to update its profile, showing seats and courses. Students first registered themselves on E-pravesh portal. Then they fill their choice of colleges and courses. After that their data is verified by colleges. Thus, college and course are allotted by the portal itself. For admission process, like eligibility, reservation policy, and other information department are formulated in E-pravesh Margdarshika Siddhant released by MP Higher Education Department.
